Elevate your vanity

Style your countertop with interesting artwork and accessories. For extra illumination, try placing a table lamp on your vanity.

Design, Richard Ouellette and Maxime Vandal.

Create an easygoing art wall

Fill a blank wall with small prints, kids' creations and quirky flea-market finds. Go for pieces that pick up on the palette of your bathroom to bring everything together.

Design, Virginia Johnson, Litsa Trochatos, Christopher Knight and Jan Eleni Lemonedes.

STYLE TIP
Warm metals in a bathroom are right on trend.

WHY IT WORKS

Patterned floor
+ dark walls
+ bold sconces

Work from the ground up to achieve this look. Start with a showstopping patterned tile, then carry a coordinating colour up the wall using a simpler tile. Finish it off with matching accents, such as these warm brass sconces, fixtures and pulls.

Design, Kyla Bidgood and Mary McNeill-Knowles.
